CABLE LENGTH METERS
CLM-1000 AND CLM-1000E

TAKE THE GUESSWORK OUT OF CABLE INVENTORY

FAST
• Measures length of cable without removing it from the spool, counting turns or weighing the spool

EASY
• 20 pre-set cable sizes plus 8 user-programmable settings
• Pushbutton selection of Copper or Aluminum cable

VERSATILE
• Measures cable length from 15.0 ft to 100.00 kft
• Measures resistance values down to 199.99 mΩ

Displays length in feet or meters
Measures insulated copper and aluminum conductors
20 pre-programmed cable sizes plus eight user-programable settings

FEATURES
• Large, 20,000 count LCD with backlight
• Kelvin-type alligator clips with solid copper contacts assure low-resistance connection to the cable being measured
• Automatic temperature compensation for maximum accuracy and convenience
• Automatic power off to maximize battery life
