

6-TON UNDERGROUND INDENTING CRIMPER

Underground Indenting Versatility for Efficiency on the Jobsite

EK6IDCLX

- Coated head brush guard for added safety
- Intelli-CRIMP® technology notifies operator with a visual and audible alert in real time if correct crimp force is not achieved
- Intelligent and fast two-stage telescopic cylinder identifies correct pressure for a broad range of wire classes
- 3 year warranty

Ergonomic

- Lightest indenting tool on the market
- Flip top style with 350° rotating head
- Single trigger operation for controlling all tool functions

Makita® Battery Platform

- Powered by a 18V Makita battery platform for increased battery compatibility
- 2X faster battery charge than competition

Capacity

- Broad crimp range – crimps standard strand and fine strand wire classes

EK6IDCLX

APPROVED WIRE CLASSES

STANDARD STRAND		FINE STRAND (Cu)	
Wire Classes – B;C		WIRE CLASSES – G; H; I; K; M	#8–350 kcmil (MCM)
Copper	#8 – 500 kcmil (MCM)	DLO (CU) LOCOMOTIVE	#8 – 373.7 kcmil (MCM)
Aluminum	1/0 – 350 kcmil (MCM)		

6-TON UNDERGROUND INDENTING CRIMPER

EK6IDCLX

Coated Head Brush Guard
Added safety to avoid accidental contact with conductors

Dieless Crimping
Simplifying the jobsite, reducing the risk of mismatched dies

Bluetooth® Communication
Connect with i-press® App to track tool performance

Makita® Battery Platform
18V Li-Ion 4.0Ah battery provides more cycles per charge and charges in under 45 minutes

EK6IDCLX

Flip Top Head

Compact design allows for safety and efficiency on the jobsite, ideal for enclosed working conditions

Dual Stage Telescopic Cylinder
Intelligent fast crimping speed

Tacky Grip
Gripping the tool is easier and more comfortable

Improved Durability
Enclosed, impact-resistant, housing and coated circuit boards protect against water and dirt

ORDERING INFORMATION

CAT. NO.	DESCRIPTION
EK6IDCLX11	6 Ton, Dieless Crimper, Fliptop Style, 120V Charger, Two 4.0 Ah Batteries
EK6IDCLX12	6 Ton, Dieless Crimper, Fliptop Style, 12V Charger, Two 4.0 Ah Batteries
EK6IDCLX22	6 Ton, Dieless Crimper, Fliptop Style, 230V Charger, Two 4.0 Ah Batteries
EK6IDCLXB	6 Ton, Dieless Crimper, Fliptop Style, Bare Tool Only

SPECIFICATIONS (WITH BATTERY)

CRIMPING FORCE:	Variable 6-Ton (30-60 kN)
HEAD ROTATION:	350°
BATTERY:	18V, 4.0Ah, Li-Ion
CYCLES PER CHARGE	Approximately 300
WEIGHT, INCLUDING BATTERY:	6.2 lbs (2.8kg)
HEIGHT	17" (432 mm)
