

# INLINE 2" CABLE CUTTER

New Cutting Solution for Your Changing Needs

**NEW**

## INLINE CABLE CUTTER ESC50LX

- Greater cutting capacity with a more compact tool
- Inline design provides easy maneuverability
- MRS (Manual Retract Stop) – Stop the blade retraction at any point and begin the next cutting cycle from that point to save time

### Capacity

- Cuts up to 2" diameter Copper (Cu)/ Aluminum (Al) Standard and Fine Stranded cable

### Ergonomic

- Inline design tool is 30% lighter than closest competitor model
- 350° rotating head improves user posture and decreases wrist strain

### Makita® Battery Platform

- Powered by 18V Makita® battery platform for increased battery compatibility
- 2X faster battery charge than competition

ESC50LX

# INLINE 2" CABLE CUTTER

## ESC50LX

**Hardened Blade**  
Produce clean, smooth cuts in Cu/Al cable

**Auto Retract**  
Tool automatically retracts when the cutting cycle is complete

**Single Trigger**  
Controls all tool functions

**350° Rotating Head**  
Designed to cut at any angle

**Double-Click Safety Feature**  
Prevents unintentionally engaging cutting blades

**Tacky Grip**  
Gripping the tool is easier and more comfortable

**Improved Durability**  
Enclosed housing and coated circuit boards protect against water and dirt

**OLED Display**  
Real-time communication and tool maintenance status

**Makita® Battery Platform**  
18V Li-Ion 4.0Ah battery provides more cycles per charge and charges in under 45 minutes

**Bluetooth® Communication**  
Connect with Gator Eye® App. to track tool performance

ESC50LX
