

NEW

GX10

TUGGER™

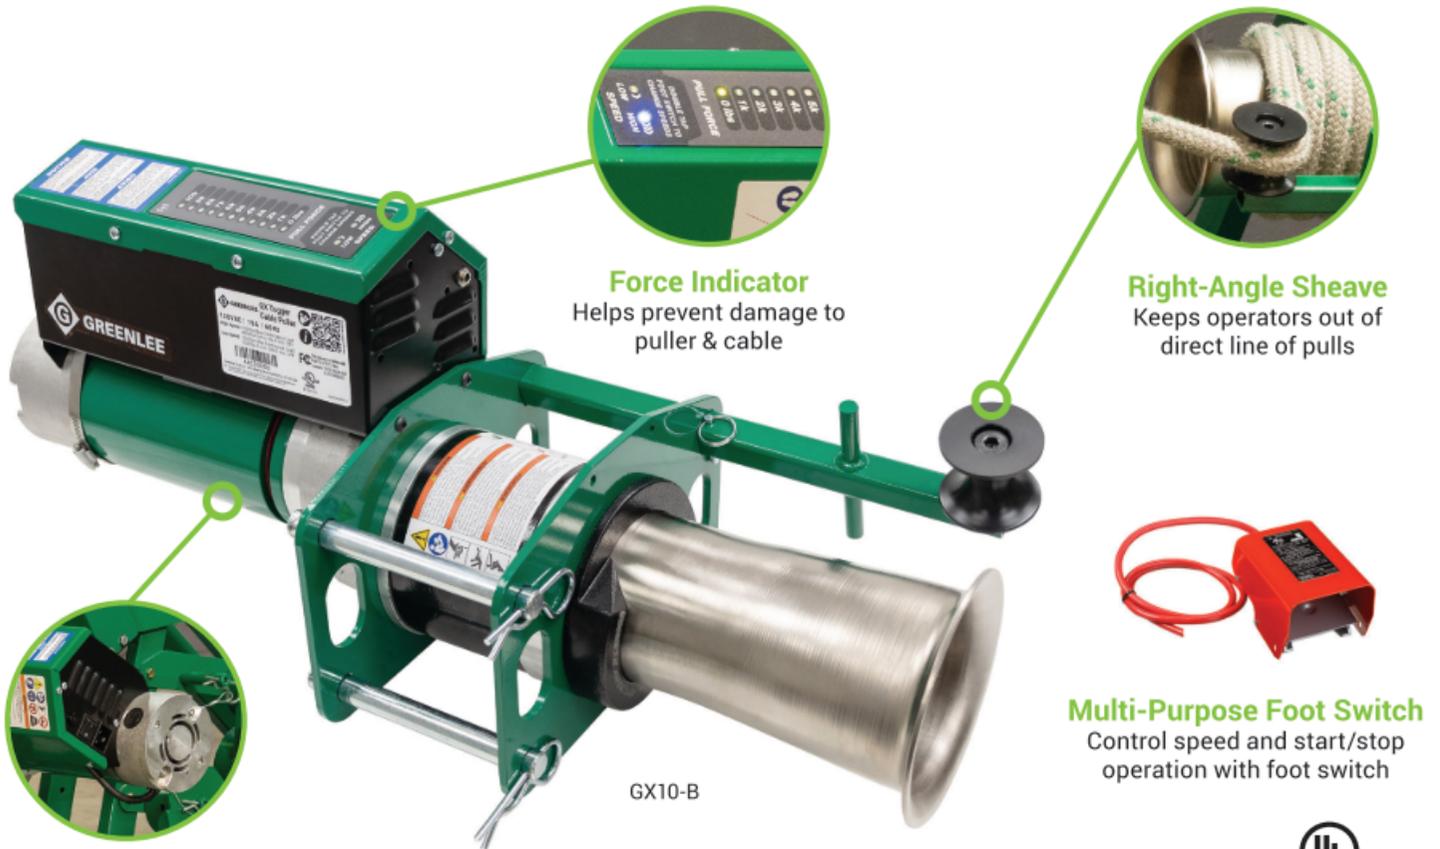

10,000 lb. Cable Puller

UP TO **2X FASTER***

*Compared to legacy Greenlee 10K Tugger

POWER AND SPEED FOR RELIABLE PERFORMANCE

The new Greenlee GX10 Tugger delivers up to 2X the pulling speed and a higher continuous pull rating than legacy tuggers. The GX10 allows completion of the job faster resulting in cost savings.

Force Indicator
Helps prevent damage to
puller & cable

Right-Angle Sheave
Keeps operators out of
direct line of pulls

Multi-Purpose Foot Switch
Control speed and start/stop
operation with foot switch

N = NEW PRODUCT

“ The GX10’s speed and power kept us on schedule. It delivers the power needed on the familiar and reliable Greenlee platform. ”

– Jonathan Johansen
General Foreman, Connelly Electric

Power

- The GX10 customized motor delivers 10,000 pounds of pulling force
- Continuous high force operation means less stopping, better productivity
- 2-speed motor provides consistent pulling power

Speed

- Up to 2X faster pulls means you get the job done on time
- With the Mobile VersiBoom™, one-person setup means less downtime
- Force indicator lets operators maximize puller performance

Legacy

- Requires little to no retraining
- Designed to be compatible with existing Greenlee products and accessories
- Easy upgrade with minimal investment

Versatile Mounting Options

Set up easily, even in challenging spaces.

Compatible with Greenlee Ultra Tugger® mounts, accessories, and adapters.

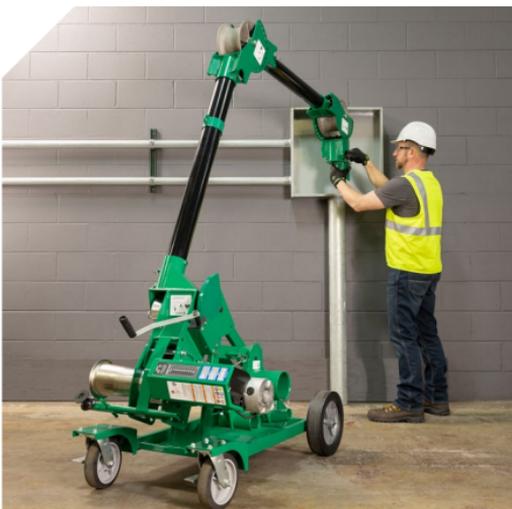

Chain Mount

Floor Mount

Mobile VersiBoom™ II

Pulling Products

Maximize your productivity with these Greenlee pulling essentials.

Cable Feeder

Make cable setup and payout a one-person job.

Pulling Rope

Designed to work with your cable pulls, options available up to 7/8".

Cable Handling

A comprehensive line of jack stands, reel rollers, caddies, and dispensers to efficiently handle cable payout.

Gator Grips® & Crimpers

Select the size for an indent crimper, and be set up for the pull in less than two minutes.

Pulling Accessories

An extensive line of sheaves, including hook, conveyor, feeding, and tray-type for different cable pulling applications.

Pull Connect™

Connects both sides of a cable pull and synchronizes the equipment so when one stops, the other stops.

Chose the right Tugger for your job!
The PullCalc App will approximate the pull force needed to install an electrical cable inside of conduit.
